

Cloud Pattern Example Dates

Hereby, we would like to give you the example lake-effect cloud patterns over Lake Michigan. You shall be able to find the files from the NOAA FTP server. Due to the nature that NOAA tend to update their server often, the link is subject to change all the time. So please visit their website to retrieve the latest FTP address.

Type	Date	Time (UTC)	Image
SLAP	Jan 04 2017	16:30	
SLAP	Jan 05 2017	20:00	
SLAP	Jan 06 2017	18:30	
LLAP blow high clds	Jan 13 2017	18:30	
SLAP	Dec 12 2017	18:30	

Type	Date	Time (UTC)	Image
SLAP	Dec 26 2017	17:45	
LLAP (vortex, small area of SLAP)	Dec 31 2017	17:30	
LLAP (with SLAP to the northwest)	Jan 21 2014	15:45	
LLAP (with SLAP to the northwest)	Jan 23 2014	19:15	
SLAP with ice on lake	Jan 28 2014	18:45	

SLAP: Short lake-axis parallel bands

LLAP: Long lake-axis parallel bands
